

“The tarot is a visual connection which helps to unlock apparently hidden facts and information, and thus enable man to penetrate deeper into the mysteries of life.”

Jacqui’s Tarot course assists you to explore the depths of your own being by understanding, connecting and unlocking hidden mysteries. The divination tool of the Tarot assists to point you in the direction of what is relevant and meaningful to you at a specific point in time. The Tarot not only assists you in understanding the challenges of life in general, but it also provides you with an understanding of the energies surrounding you at any given moment. This is empowering as it assists you with better and more accurate decision making.

The Tarot is merely a tool which provides insight on your own inner guidance and knowledge. It provides a handy means of validation, rather than being a substitute, for one’s own intuitive processes. Gathering information by means of the Tarot means learning to make use of symbols. This is done consciously and those who participate sense the value of what they are doing and the facts of the symbolic meaning of the Tarot. In this way people consciously seek to transform that symbolic meaning into an active dynamic which is presented and to the self to consider.

The Tarot acts as a mirror of all the internal and external processes of a human being, which is why it can provide with an avenue for human growth and development. All the symbols reveal that which is concealed in terms of being a representation of both the outer universe and our own internal nature. Jacqui takes each person on a step-by-step process through the various symbols of the cards in the Tarot deck, as she guides the feelings and intuitions of each individual member of the group. This reveals general or personal information which provides a basis for discussion. She teaches the various card spreads, which can be used for either daily or longer term questions. This helps in determining specific answers to specific questions. In this way you learn to provide yourself with information about likely future potentials. Therefore the Tarot may be used as a powerful tool to confirm the “knowing” that already exists within.

Participate in this lively course and open up the previously ‘hidden’ world of the mysterious by means of the symbols and meanings, with Jacqui’s guidance.
